PRESIDENT'S MESSAGE*By: Steve Nissle*

Hi everyone!

We had a great meeting Thursday the 20th! A lot more of you are back in town and every time we meet it's full of big smiles and lots of hugs!

Monday, December 1st, we are having a **Tech Clinic** at Nissle's home 8am -12noon, 3913 N Dell Armi Trail in AJ. We are working on mag, coils and various trouble shooting.

Saturday, December 6th, at 2:30pm, we need to arrive at Canyon Vista RV Resort at 6601 E. US Highway 60 in Gold Canyon for our annual **Christmas Party!** You can park your car and trailer at Bill and Kae Allen's home if you need to, at 960 S. Wickiup in AJ. Dinner is served at 3pm! We have quite a line up of activities with elections for VP and Treasurer, gift giving and then we are off to the AJ Christmas Light parade! The parade starts at 7pm so we will need to leave Canyon Vistas at 5:45pm. The Christmas dinner is \$13 per person, you will need to bring that with you, along with your 2015 dues of \$20. **NOTE! The deadline for dinner sign up is December 1st!** Call Mel and Lorie Poppe at 402-984-6381 for your reservation. A BIG thanks to the Poppes and Ruth Ann Elms for all your planning!

Sunday, December 7th we are meeting at 3pm at Mikes Burgers at 1150 S Gilbert Rd in Gilbert for our monthly **"Ice Cream Fling"**.

Keep on drivin'!

-Steve

* * * * *

This story is from a good friend of mine, Don Black, a long time model T collector, rebuilder and driver.

This is likely one of those once in a lifetime experiences, when we were experiencing the semi-starving students thing years ago. We lived in a little two bedroom house...with only a single car carport! No door! I was successfully working in a little time here and there on a 1911 mother-in-law Roadster, and had it pretty much done - complete with a full set of impressing brass lights and horn, even windshield, ...which I traded a very nice antique pocket watch collection for!

Well, one night, about 2 AM, we were awakened by a pounding on our front door. Being a traditionally safe neighborhood, I jumped up and into my drawers, and opened the door. There stood a young college kid, and in between trying to fully catch his breath, he told me that someone was trying to steal my beautiful set of brass headlamps! He and his girlfriend were parked across and down the street doin' a little smoochin', saw this pickup pull up to our driveway, and a guy jumped out. They saw the guy go directly to the front of the car, away from the street side...started leaning over the front and begin to pry off a headlight. The good guy, soon to be hero, "pardoned" himself from his girlfriend, ran over to the car and confronted the would be thief. In the dark! The bad guy grabbed a tire iron laying nearby, and the hero told him in no misunderstood way, "If you plan on using that, fair warning, you're dead meat!"

Just then, the bad guy's getaway truck pulled up, he immediately took his opportunity to exit, ran to the truck and jumped in, and they sped away! Even leaving a group of miscellaneous tools of mine on the curb, which were planned to throw into the truck, too.

And that's the wonderful saga and story of a great guy, even a hero, who saved my beautiful brass head-lights, on a dark, late night - even interrupting his makin' whoopee a bit!

I stood guard the rest of the night, with old Betsy in my lap, and the next day, we moved the car to my wife's father's farm. We all continued to live happily ever after.

MODEL T's at JOE'S ICE ~ November 2nd in Tempe
By: Bert Diehl, Jr ~ Photos by Bert Diehl, Jr. & Lorie Poppe

T'was a beautiful Sunday afternoon on November 2nd when a few members of the East Valley Model T Ford Club visited Joe's Italian Ice around 3 PM. Two Model T's, one Model A, and an early Mustang convertible

occupied parking spaces outside of Joe's brightly colored facility. The interior is bright and cheerful as well, and we were each greeted by a Joe's employee with a sample of an ice.

There are a wide variety of flavored ice's, ice creams, smoothies, shakes, etc. available so it takes a few minutes to review what's on the menu and make a decision on what you want. There's booth seating as well as tall stools and tables inside and in front of the store are tables and benches.

The interior is decorated with numerous antiques including oscillating fans, diving equipment, license plates, gas pump, telephone booth, and various signs.

Outside of the store they parked a coin operated mini replica of what could be a Model T. Dave Veres 'took it for a spin'. The room, vroom noises were deafening, but there was a big smile on Dave's face!

The December Ice Cream Fling will be held on Sunday, December 1st at Mike's Burgers in Gilbert. See you at 3 PM!

K-MART PARKING LOT SPECIALS ~ Mesa

By: Bert Diehl, Jr

Almost every Saturday night cruisers can be found in the K-Mart parking lot located at 1445 S. Power Rd in Mesa, AZ. Some cars are regulars and are there every Saturday night, others come out occasionally, and then there are the seasonal visitors that appear in the fall of the year when the Arizona heat subsides (snowbirds).

The cooler temps also brings out more strollers or people who are out to see the cars on display. November through March is probably the busiest

season and the parking lot fills up quickly on a Saturday afternoon.

Parking space becomes choice real estate and the aisles are packed with people who enjoy cars. Some of the drivers will disappear for an hour or so for a bite to eat in the restaurants in the area, or the ladies will drift off to shop at the stores.

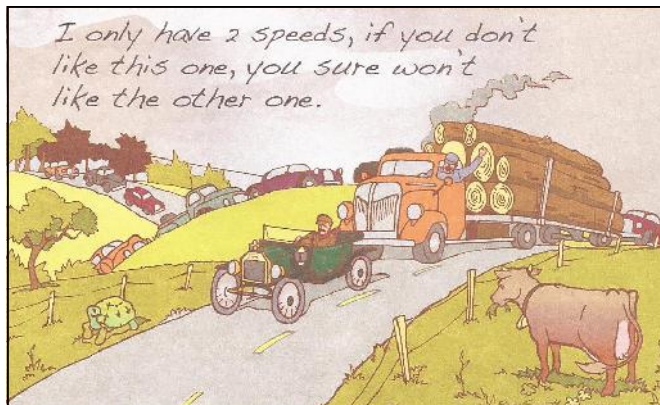

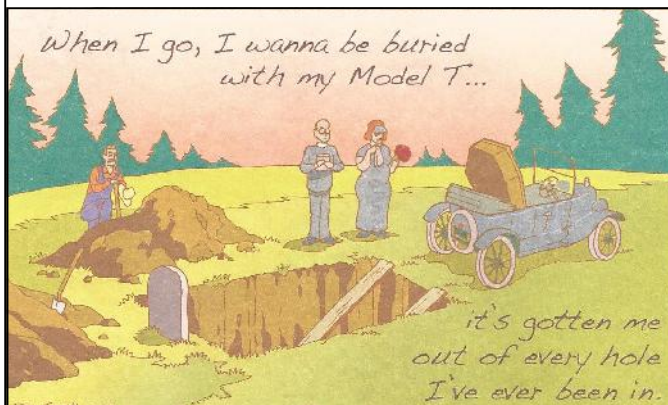

As an old car owner it's a great chance to talk to people about your car or just 'people watch'. As a regular you become part of the 'family' that look for one another in the parking lot.

Try it, cars, motorcycles, etc. of all kinds are welcome.

2014 VETERANS DAY PARADE ~ November 11th in Apache Junction

By: Bill Allen ~ Photos by: Bill Allen & Dave Veres

A picture perfect day for the parade, but what did we expect here in Arizona?

Dave Veres was the first to arrive trailering his beautiful

1924 Coupe followed by Sandy and Larry Hart with their '24 Touring and Gerald Hurysz's 1913 Touring chauffeured by his friend Jimmy. We took turns cranking the '13 before we left to line up about 8:30.

Had a little trouble finding our spot as the numbers were faintly marked on the sidewalk, but we finally settled in for the hour wait for the start of the parade. Many folks stopped by to admire the T's as we waited.

At 9:30 right on cue there was a fly over with five bi-planes. Quite a sight.

Finally under way we followed the local Boy Scout Troupe. I think the younger ones might have been getting tired of walking as it wasn't long before the float ahead of them was out of sight.

All the T's made it through with no problems, of course. Some talked about going to lunch after the event but it being 10:30am, it was much too early for lunch; but I, later, decided not too late for Dunkin Donuts.

Mark your calendar for our next “Model T Club Ice Cream Fling” on **Sunday, January 4th** at 3:00 pm. Members please suggest possible locations. It could be ice cream, Italian ice, gelato, frozen custard, paleta’s, etc.

MANIFOLD COOKER RECIPES

HOT DOGS on the Manifold

*From the International Club “T Times” magazine.
By: Anne Neely-Beck*

- As many hot dogs as you can fit in your manifold cooker.
- Your favorite cheese.
- Bacon

Make a deep slit in the hot dog and stuff with cheese. Wrap a piece of bacon diagonally around the hot dog. Wrap in foil, put in cooker, and drive for at least one hour or more so the bacon will cook.

Another idea is to use leftover mashed potatoes for the stuffing in the hot dog. It really is yummy!

BRATS or FRANKS on the Manifold

*From Model T Cooker and Bake!
By: Paul Larson*

Hot dogs are a natural, and they too can be done the simple way by just tossing them into the cooker before you take off on an outing. It is recommended to add or keep a little water in the base of the cooker so they don’t get quite so dark and crisp.

HOT DOGS & BRATS on the Manifold

*From Favorite Recipes for the Model T Cooker
By: Frank & Carole Fenton*

Place these directly into a clean cooker or wrap in aluminum foil with water or sauerkraut. Drive about 20 miles, serve them up.

Do you have a recipe or method of cooking you have tried in your manifold cooker that you would like to share? Please send it to Mel & Lorie Poppe.

BOB WILDMAN AWARD

The Bob Wildman Award is the highest honor the East Valley Model T Ford Club can bestow on one of its members. Bob was a charter member of the Club. Always willing to help in any way he could at club events, he readily lent a helping hand to individual members as well, even if it was something totally unrelated to the Model T.

He loved to drive his T and participated in as many events as possible. A very giving and special person, Bob was the first deceased active member of the East Valley Model T Ford Club.

The Bob Wildman Award is given each year to the member who, in the opinion of the Award Committee which is the Board of Directors, has contributed the most of him/her self to the club.

Dave Veres was the first recipient of the Bob Wildman Award in 2011. Austin Graton was selected in 2012. Joe Fellin was chosen last year for this honor.

Nominations of a deserving candidate must be submitted to a member of the Board of Directors no later than November 30th. The award will be presented at the Christmas party.

To nominate a deserving candidate, write to the Award Committee outlining your candidate's contributions and telling why you think he or she is deserving of the award. Even if your candidate is not selected, just being nominated is an honor in itself. Nomination should be in narrative form and may include other documentation such as pictures, news articles, etc.

ELECTIONS for Vice President & Treasurer

Be thinking about the upcoming election for the positions of Vice President and Treasurer of our club. If you want to be considered for either of these positions or want to nominate someone, nominations will be taken and election finalized during the December 6th Christmas party meeting.

**DECEMBER 6th—APACHE JUNCTION
EVMTFC Christmas Party and
AJ Holiday Program & Light Parade**

The EVMTFC will meet at 3:00pm at Canyon Vistas RV Resort, located at 6601 E US Hwy 60, Gold Canyon. When you enter the Canyon Vistas

gate, tell the Courtesy Patrol you are with the Model T Club. They will direct you to the parking lot in front of Guest Services where we will park our T's.

We will gather for a wonderful Christmas dinner catered by Cal-Am Food Services; Slow Roasted Roast Beef, Green Beans, Scalloped Potatoes, Crisp Salad, Roll & Red Velvet Cake. We will elect officers (Vice President and Treasurer) and announce the Bob Wildman Award recipient. There will be a 50/50 drawing.

After the meal, meeting and party, we will go outside to meet with Canyon Vistas residents who will be present to see our cars, to visit with club members and Model T drivers, take pictures of the lighted T's, and ask questions and share stories.

At 5:45 pm, we will line up to travel together in our own little mini parade to the AJ parade. The distance from Canyon Vistas to the parade site is only about 3-4 miles. When we leave Canyon Vistas, we will need to turn right (south) and then turn left at the crossover to go back north to Apache Junction. The second crossover is at a traffic light which might be easier.

The parade will form on Main Street just west of Idaho Road. We will enter at the parking lot of the strip mall at the Northwest corner of Idaho and Main. Those entering the parade will need to have a copy of the vehicle insurance card to give to the parade officials or one they can take a picture of. The parade begins at 7:00pm and goes from Phelps Drive North and (Apache Trail) West to Thunderbird and back. At the end of the parade you will be allowed to turn into the Fry's gas station entrance or proceed East on Old West Highway.

Lite 'em up & drive 'em out, and we'll see you there! Bring a jacket for the cool evening and of course your camera.

***Let Mel and Lorie Poppe know by Monday, December 1st, if you will be attending or not, so we can call in the number of reservations for dinner.**

THE YEAR WAS 1955

Submitted by: Austin Graton

So, where were you in '55? My, oh my how things have changed...

This is the year... A carton of camels cost \$1.80....now they're \$70.

Did you hear the post office is thinking about charging 7 cents just to mail a letter?

If they raise the minimum wage to \$1.00, nobody will be able to hire outside help at the store.

I'm afraid to send my kids to the movies any more. Ever since they let Clark Gable get by with saying DAMN in GONE WITH THE WIND, it seems every new movie has either HELL or DAMN in it.

-continued-

THE YEAR WAS 1955 ... (continued)

I read the other day where some scientist thinks it's possible to put a man on the moon by the end of the century. They even have some fellows they call astronauts preparing for it down in Texas.

When I first started driving, who would have thought gas would someday cost 25 cents a gallon? Guess we'd be better off leaving the car in the garage.

Did you see where some baseball player just signed a contract for \$50,000 a year just to play ball? It wouldn't surprise me if someday they'll be making more than the President.

I never thought I'd see the day all our kitchen appliances would be electric. They're even making electric typewriters now.

It's too bad things are so tough nowadays. I see where a few married women are having to work to make ends meet.

It won't be long before young couples are going to have to hire someone to watch their kids so they can both work.

I'm afraid the Volkswagen car is going to open the door to a whole lot of foreign business.

Thank goodness I won't live to see the day when the Government takes half our income in taxes. I sometimes wonder if we are electing the best people to government.

The fast food restaurant is convenient for a quick meal, but I seriously doubt they will ever catch on.

There is no sense going on short trips anymore for a weekend. It costs nearly \$12 a night to stay in a hotel.

No one can afford to be sick anymore. At \$15 a day in the hospital, it's too rich for my blood.

If they think I'll pay 30 cents for a haircut, forget it.

1913: Moving assembly line runs at Ford

For the first time, Henry Ford's entire Highland Park, Michigan, automobile factory was run on a continuously moving assembly line when the chassis—the automobile's frame—was assembled using the revolutionary industrial technique.

A motor and rope pulled the chassis past workers and parts on the factory floor, cutting the man-hours required to complete one "Model T" from twelve and a half hours to six. Within a year, further assembly line improvements reduced the time required to ninety-three man-minutes.

The staggering increase in productivity gained by Ford's use of the moving assembly line allowed him to drastically reduce the cost of the Model T, thereby accomplishing his dream of making the car affordable to ordinary consumers.

By 1916, the price of the Model T had fallen to \$360 and sales were more than triple their 1912 level. Eventually, the company produced one Model T every twenty-four seconds, and the price fell below \$300.
