PRESIDENT'S MESSAGE

By: Steve Nissle

Yes! Yes! Yes!

It's getting to be Fall in Arizona! Hip Hip Hooray! It's time to dust off the T's or bring back from the North Country to good ole sunny Arizona! We are looking forward to seeing you all on October 15th for our next meeting at the Citadel in Mesa, and then on Saturday the 17th we're driving the T's to Usery Pass for a club gathering, sight seeing and just enjoying the weather and the company! Thank you Ruth Ann for putting this one together! Assignments coming!

We've got a full schedule clear into May of 2016, so put on your club T shirts, put on a smile, and get on over and join us!

Take a look at this cute video...

See you soon!

Keep on drivin'!

* 1924 Ford Model T Wicker-Covered Roadster "Basket Case" *

The History of the 1924 Wicker-Covered Model T

Jake and Jannelle Kluch of Mazon, Illinois, are the proud owners of this unique car. The 1924 Model T Ford Roadster was covered in wicker when the car was new, in the hometown of a wicker baby-buggy company, Menominee, Michigan. Rumors had it that six cars were covered in wicker, but further research has revealed that this is the only one.

The "Basket Case", as this roadster is known, has been the family since at least 1934. The 1935 registration on this display is in the name of John Pinkowski, the current owners' great uncle. John (who reportedly purchased the roadster for \$8 during the depression) is shown in one of the black and white photos with his wife, suitcases mounted on the running boards (and dog beneath the car!). John's only heir, Raymond, died in 1991, leaving the car to his cousin, Genevieve (Jenny) Kluch and her husband, Jacob J. Kluch. The Kluch's moved the Basket Case to their home Decatur, Michigan. He painstakingly restored the car, cleaning and repainting the wicker, adding new tires and some mechanical parts. The wicker is original.

Jake, Sr., took great pride in showing the Basket Case at as many car shows as he could reach. His proudest moments started with being invited to the Henry Ford Museum's Old Car Festival in 1993, which they attended every year. The Basket Case was the featured car at Sloan Museum's Summer Auto Fair in 1994, and was awarded many trophies and compliments at car shows in Michigan and Illinois.

After Mr. Kluch died in 1997, his son, Jacob H. Kluch, became the owner and continues to show the car. The Basket Case was selected by the **Ford 100th Anniversary Committee** to represent 1924 as one of the "100 Icons that Move the World" in June 2003. The Basket Case has also been featured in Model T Times, Hemmings Motor News, Old Car Weekly, "I Love My Car" on WLS-TV channel 7 in Chicago, and the Morris Daily Herald.

State of the art automotive technology in 1924: the four-cylinder, 20 horsepower engine has no oil pan, oil filter, oil pump, fuel filter or pump, water pump, or air filter; the brakes are actually bands on the transmission that stopped the transmission (sometimes!), and shock absorbers were not available, even as an option! One unique accessory is the "Fat Man" steering wheel, an early version of tilt steering.

2nd ANNUAL AZ MODEL T JAMBOREE ~ May 15th, 16th, 17th

Reprinted from: *Sun Country Model T Club "Leaks From Lizzie"*

Co-Hosted by: *Whiskey Row Flivvers Model T Club & Sun Country Model T Club*

We all arrived at various times on Friday, May 15 with different stages of rainfall. We had the use of the PAAC building (next to the rodeo grounds) in Prescott for the weekend. There was a large grassy area that accommodated 6 campers and trailers. Those camping were: Jim & Donna Bunch (who had Craig & Lois Leach also), Bryce & Terry Putnam, Bill Davisson, Garry & Joan Emler, Mark & LuWanna Nielsen, and Austin & Lynn Graton.

Since it was raining, we opted for an indoor event on Friday afternoon, so we caravanned to Thumb Butte Distillery where we enjoyed vodka, gin, rum or sodas. It was interesting to see the process of making the alcohol. We had a great time laughing and visiting.

We headed back to the PAAC building (in the rain) for a dinner organized by Joan and LuWanna. We had chili, corn bread, macaroni and dessert. Chili tasted good on a cool evening. Those camping stayed there while Mary & Alan Travis went to their hotel and the rest of us went to Loren Phippen's home in Skull Valley. Dana & Elise, Sandy & Kari, Doyle, David & Terry Ker and Loren. As usual, Loren was a wonderful host.

At 7 am on Saturday, the Whiskey Row Flivver's Club made pancakes, scrambled eggs, sausage and bacon. It was very good!! At 9 am we all headed out to Williamson Valley Rd. to Harley Dave's. He had a double wide 8 car garage filled with all kinds of antiques from old Harleys to Murphy beds. The weather was nice so we sat outside after viewing all the antiques. It was a really fun place!!

We got back on Williamson Rd and headed south to Mario's garage where he served us a delicious pork BBQ sandwich with cole slaw, chips, cookies and drinks. He had a great view from his garage of the open fields. It rained a little on us but nothing like Friday.

Our club then drove to the Phippen Museum where the museum had a fabulous display of art work and bronzes done by George Phippen (Loren's dad). It was George Phippen's 100th birthday celebration. Unfortunately, he died at age 50 of cancer, just at the peak of his career. We were all in awe of his talent. He was the first American Cowboy Artist.

Back to the PAAC building for Happy Hour and then more delicious food. LuWanna and Joan did the organizing and cooked hamburgers and hot dogs for all of us. We also had deviled eggs, watermelon, potato salad, baked beans and dessert. Thanks to several ladies for contributing to the dinner and a big thank you to Austin Graton for making a dutch oven apple cobbler. It was fabulous with vanilla ice cream. In addition to the cobbler, we feasted on an old fashioned ice cream social with various toppings to go on vanilla or chocolate ice cream. What a great idea! The evening ended with all of us sitting around the camp fire visiting and telling stories!

Sunday was a gorgeous day with sunny skies and warmer temperatures. The Flivver's provided a continental breakfast for us. They were so hospitable and fun to be with. Several of our members left after breakfast to get a head start on the traffic going back to Phoenix. Pat, from the Flivver's Club, and his trusty dog, Mac led the rest of us on a tour of the lovely homes in the area and then back into town for a stop at his home. He had lots of antique trucks, cars and car parts. The guys had fun checking everything out.

Many thanks to Bill Davisson, Garry & Joan Emler who worked with Paul Smith and the Flivver's Model T Club in organizing all our "fun" activities. We really appreciated all the meals that the Flivver's put on for us and to Mario for sponsoring the BBQ lunch at his place. Thanks to Harley Dave for opening his garage and providing drinks. Pat (and Mac) stayed with us all weekend and was a great help in leading the tours. Once again, we had a very fun and memorable weekend with our cars (despite the rain and cooler temperatures). Thanks to all those who attended.

9 YEAR OLD GETS SURPRISE BIRTHDAY RIDE ~ May 27th*By: Steve Nissle*

I was asked by a friend if I could surprise her 9 year old son on his birthday by bringing the Model T over to her office where her son would be.... "of course" was my reply! Had a sweet 20 minutes with this birthday boy and his 2 friends giving rides and talking Model T talk!

SOME MODEL T 4-WHEELIN' IN NEBRASKA ~ May 28-31

By: Mel Poppe

Nebraskaland Model T & Antique Car Club celebrated their '50th year Jubilee' by participating in a four day/600 mile tour through the northwest part of Nebraska through the Sandhills. Nine cars, (7 T's and 2 A's) made the trip without any major breakdowns. Highlights on the tour included visiting Dowse Sodhouse, Comstock Windmills, and Smith Falls near Valentine, NE. It was rainy and chilly, but a fun excursion, seeing how the 'ole T pulled right through sandy mud holes on dusty-spoke back roads called Dismal River Road. It gave a whole new meaning to Robert Frost's poem, "I took the road less traveled, and that has made all the difference."

JUNE 20th BREAKFAST T MEETING in Apache Junction at Village Inn

Hosted by: Steve & Dianne Nissle

Despite the 115 degree heat in Arizona, a brave group of model T friends attended the first summer breakfast of the year! They met at the Village Inn restaurant in Apache Junction and shared the voracious fare of fine food and the close harmony of long time model T tinkerers. A grand time was had by all!

WELLS FARGO MUSEUM TOUR in Mesa ~ September 19th

Photos by: George Elms

By: Ruthann Elms

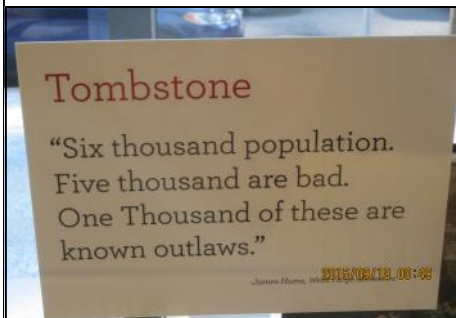

The tour to the Wells Fargo Museum Friday was very informative concerning the history of Wells Fargo and the state of Arizona. The Museum has one of the original stagecoaches. It could carry eighteen people plus the driver and agent. They also have the largest collection of NC Wyeth paintings.

After the tour, four of us went to Tom's Tavern for a delicious lunch.

By: Tom Hoverson

We had a great time at the Wells Fargo Museum downtown Phoenix. We had 6 attendees and a guided tour for an hour. We learned about express service, stage coaches and how Wells Fargo and Co. grew and changed over 150 years.

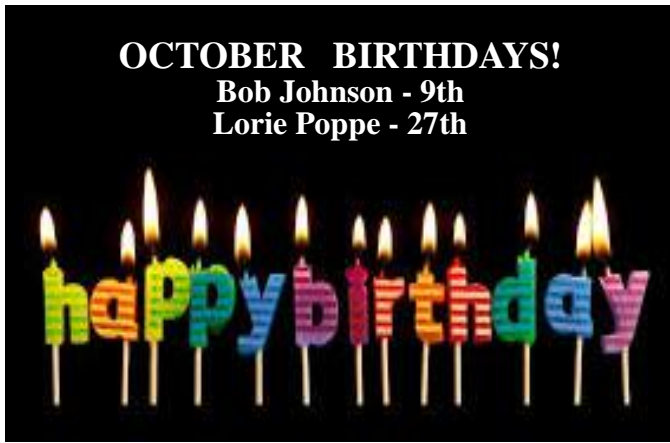

Did you know that Wells Fargo Bank that we know really started as an express company helping transport gold, silver and other valuables and lost that to the US government in World War I when most express companies were bought by our government to streamline the war effort.

LOCAL CLUB EVENTS

OCTOBER BIRTHDAYS!

Bob Johnson - 9th
Lorie Poppe - 27th

HEALTH & WELFARE OF MEMBERS

Thank you to Jan Peterson for sending cards on behalf of the East Valley Model T Ford Club. If you know of someone who is sick, had a death in their family, or needs some well wishes from their friends and neighbors, please let Jan know.

FUTURE EVENTS AND TOURS

To all members—make your desires known—sponsor an event—you don't have to do it alone, there are others who are willing to help. Think up something fun you want to do and let the rest of us enjoy it with you! Contact Ruthann Elms, Tour Chairman.

TECH CLINICS

Anyone who would like to have a technical clinic to have help with their project should contact a member of the Club Board of Directors. We are fortunate to have a number of club members who have plenty of expertise about these wonderful vehicles.

These work days, once a month or quarter to help members work on their cars, especially those who are still employed or are new to the hobby with limited knowledge or resources, are great opportunities for all of us to learn a little more about our classic cars and to socialize as well.

This could possibly be scheduled during the time the ladies are getting together for their special day together.

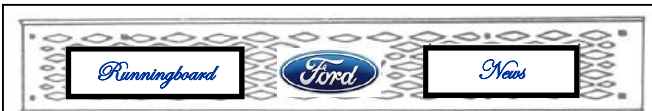

This is a family club where the more the participants, the more fun it is. Let us know what you would like to do.

EVMTFC NAME BADGES

Joe Fellin would like to train someone to take over the making of our club name badges. He has the program and art work for the computer and brings the cards to Staples to get them laminated.

If you are interested or would like more information, please contact Joe at 480-288-6463.

NEWSLETTER EDITOR NEEDED...

Mel & Lorie Poppe would like to take a break for awhile. If you are interested or would like more information, please contact Steve Nissle or Tom Hoverson.

GENERAL MEETING REFRESHMENTS

We meet at the Citadel, 444 S Higley Rd, on the southwest corner of Higley and Broadway in Mesa, September through May, at 7:00 p.m.

Every family volunteers to help within the club in some way. Please let Tom Hoverson know (602-292-3921) which month you would be able to bring snacks and drinks to our "General Meetings".

- October 15th - _____
- November 19th - _____
- December - *need Christmas party hosts*
- January 21st - _____
- February 18th - _____
- March 17th - _____
- April 21st - _____
- May 19th - _____

Be sure to wear your EVMTFC name badge at all club events.

LEARN MORE ABOUT T's

A reminder: it would be great if you can share a 10-15 minute program with us at our Thursday meetings. Share your unique hobby or passion with us. You may know of someone who would like to present to our group as well. Let Steve Nissle or Tom Hoverson know if you have a topic you'd like to share with the club so we can schedule it into a future meeting.

Excerpts from: May 2008 Runningboard News by Bert Diehl, Jr.

The Model T Ford was produced for nineteen years and was involved in transporting goods and people for a long time after that. There's a lot of history out there involving the Model T Ford and we continue to generate history with the cars and trucks we own and drive. It's a rich history with a lot of diversity that makes it almost impossible for any one person to know everything related to the 'Tin Lizzie'.

Each of us has a bit of that history or knowledge that we can share with others. Presentations can be in the form of a verbal dissertation with hand outs, a slide presentation, a demonstration, video, etc. This is a great way to have some fun and share information, and that's what the club is here for. We can all learn something new about the Model T.

Following is a list of potential subjects for a presentation. Use your creativity to come up with others.

- Model T production.
- Yearly changes in Model T production
(design changes, material changes, cost reduction, performance improvements, etc.).
- Preparing your Model T for a tour.
- Roads in the Model T era.
- Model T fashions.
- Changes in the Ford from the Model S to the Model T.
- Changes in the Ford from the Model T to the 'new' Model A.
- Autos competing with the Model T.
- Model T racing.
- Model T performance or speed equipment.
- Model T body styles.
- Tuning your Model T.
- Maintaining your Model T.
- Wood wheels on the Model T.
- Lighting on the Model T.
- Model T paint colors ('any color so long as it's black').
- Custom Model T bodies (hucksters, snowmobiles, etc.).
- The family Model T (old photos, letters, paintings, etc.).
- Famous Model T's (celebrity/politician, long mileage, 15 millionth T, etc.)
- Commercial Model T's (trucks, fire, police, etc.)
- Model T in songs, poems, etc.

ARAPROSDOKIANS *Submitted by: George Elms*

ARAPROSDOKIANS ... (Winston Churchill loved them) ... are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected; frequently humorous.

1. Where there's a will, I want to be in it.
2. The last thing I want to do is hurt you, but it's still on my list.
3. Since light travels faster than sound, some people appear bright until you hear them speak.
4. If I agreed with you, we'd both be wrong.
5. We never really grow up, we only learn how to act in public.

OCTOBER 2nd
Mountain View High School, Mesa

Mountain View High School would like 6 cars for their homecoming parade on Friday, October 2nd, 4-6 p.m. The parade will be a few blocks long and near Lindsey and Brown in Mesa. The cars can be any old, classic car.

Let Steve Nissle or Tom Hoverson know if you can attend.

OCTOBER 17th
Usery Mountain Regional Park Club Tour & Picnic
 3939 N Usery Pass Road
 (North on Ellsworth Road), Mesa

Fee: \$6 per car.

We will drive to the Park and have a picnic. It would be a nice place to use Lazy Lizzie's Kitchen and members bring a side dish and dessert. More details and information will be discussed at our meeting on October 15th.

<http://www.maricopa.gov/parks/usery/>

Located on the Valley's east side, this park takes in 3,648 acres set at the western end of the Goldfield Mountains, adjacent to the Tonto National Forest. The park contains a large variety of plants and animals that call the lower Sonoran Desert home. Along the most popular feature of the park, the Wind Cave Trail, water seeps from the roof of the alcove to support hanging gardens of Rock Daisy. The Wind Cave is formed at the boundary between the volcanic tuff and granite on Pass Mountain. Breathtaking views from this 2,840-foot elevation are offered to all visitors.

Usery Mountain Regional Park became a park in 1967. Pass Mountain, also known as "Scarface" to the local folks, is the geological focal point of the park. The mountain itself was named for King Usery (sometimes spelled Ussery). "King" was his first name, rather than a title. He was a cattleman who was running stock in the area in the late 1870's and early 1880's.

OCTOBER 30th

Motoring Thru Time

Heritage Square, Heritage & Science Park,
6th St. & Monroe in downtown Phoenix
(1blk. south of Van Buren & 7th St.).
10 a.m.—4 p.m.

Do you have an antique or classic vehicle (auto, truck, bicycle, motorcycle, travel trailer...) from the 1900s through the mid 1980s that you would like to exhibit?

If yes, space is limited - while free, registration and pre-approval is required to exhibit a vehicle (see attached registration form).

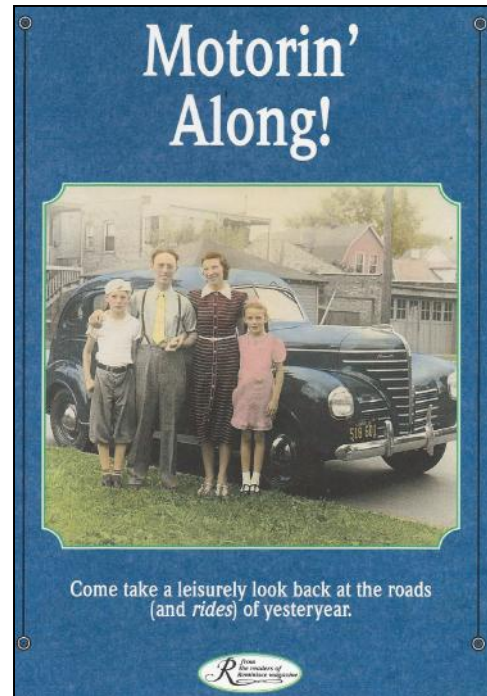

Last year's Motoring Thru Time was a fantastic event that also celebrated Heritage Square's 35th anniversary with lots of super folks who brought all kinds of vehicles from bicycles, autos, trucks, vintage travel trailers, and fire trucks to exhibit along with live music, historical demonstrations, and visitors of all ages.

For those returning participants, please note the new event contact for 2016 is Rosson House Museum's Michelle Reid and their Foundation & Guild team. While the event is a collaboration between the City of Phoenix Parks and Recreation Department and the Rosson House-Heritage Square Foundation & Guild, the museum is taking the lead on the event this coming year and will do an awesome job! It has been an absolute pleasure working with everyone through the years and I have truly appreciated everyone's time, expertise, wonderful vehicles and the friendships made.

The car that made walking a pleasure? Not really. Although the clever sayings these New York State teenagers painted on the side of their Model T poke fun at this little vehicle, chances are they were delighted with their Lizzie. When this photograph was taken in 1929, Model T's were no longer being made, but these tough, versatile machines would continue to travel the nation's roads for decades to come. Simple to operate and repair, although not particularly fast, they were the ideal car for kids who were strapped for cash but wanted their own wheels.

1. The fattest knight at King Arthur's round table was Sir Cumference. He acquired his size from too much pi.
2. I thought I saw an eye-doctor on an Alaskan island,
But it turned out to be an optical Aleutian.
3. She was only a whisky-maker, But he loved her still.
4. A rubber-band pistol was confiscated from an algebra class, Because it was a weapon of math disruption.
5. No matter how much you push the envelope, It'll still be stationery.

INGENIOUS IDEAS: Some really neat and clever ways to get things done!

Submitted by: George & Ruthann Elms

The simplest way to slice a bunch of cherry tomatoes is to sandwich them between two plastic lids and run a long knife through all of them at once.

Add half a teaspoon of baking soda to the water when hard boiling eggs to make the shells incredibly easy to peel off.

WD40 can be used to remove crayon marks from any surface.

Install a regular coat rack low down the wall to store shoes safely off the floor.

Flip a toaster on its side to make grilled cheese.

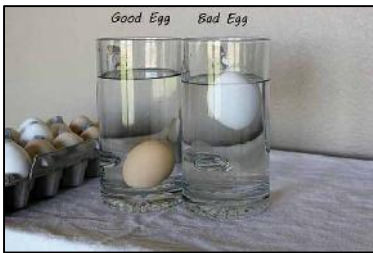

Use a rubber band to rescue a stripped screw.

Create a thrifty watering can by puncturing holes in the top of a used milk bottle.

Use a large muffin tin to cook stuffed peppers in the oven - it will help keep them upright.

To tell if eggs are fresh, immerse them in a bowl of water. Fresh eggs will lie on the bottom, while stale eggs will float to the surface.

Prevent soil from escaping through the holes in the base of flower pots by lining with large coffee filters.

To sharpen scissors, simply cut through sandpaper.

To clean a wooden chopping board, sprinkle on a handful of Kosher salt & rub with half a lemon. Rinse with clean water & dry to ensure it is clean & germ free.

Use a cut potato to easily remove a broken light bulb.

Use egg boxes to store delicate Christmas tree decorations.

Water straight from the tap becomes cloudy when frozen. To make ice cubes crystal clear, allow a kettle of boiled water to cool slightly and use this to fill your ice cube trays.

FOR SALE: 1923 Model T.

It has been garage kept since my father got his hands on it in 1975 and has lived in the New Mexico and Arizona dry climate and therefore doesn't have any rust. Truthfully, it hasn't been started in at least 12 yrs. The crank still turns so the motor is not seized up. I had a local gentlemen from Gilbert who has a shop working on these cars come take a look at her. His feedback was that the car was in good shape and wouldn't take much to get her on the road again. The car has been sitting on jack stands to help preserve the tires. Asking \$8,000.
