**HISTORY.**

THIS DAY | IN HISTORY

At 9:30 in the morning on this day, Henry Ford and other prospective stockholders in the Ford Motor Company met in Detroit to sign the official paperwork required to create a new corporation.

Twelve stockholders were listed on the forms, which were signed, notarized, and sent to the office of Michigan's secretary of state. The company was officially incorporated the following day, when the secretary of state's office received the articles of association.

Ford had built his first gasoline-powered vehicle—which he called the Quadricycle—in a workshop behind his home in 1896, while he was working as the chief engineer for the main plant of the Edison Illuminating Company in Detroit. He made two unsuccessful attempts to start a company to manufacture automobiles before 1903. A month after the Ford Motor Company was established, the first Ford car was assembled at a plant on Mack Avenue in Detroit.

**BOB WILDMAN AWARD**

The Bob Wildman Award is the highest honor the East Valley Model T Ford Club can bestow on one of its members. Bob was a charter member of the Club. Always willing to help in any way he could at club events, he readily lent a helping hand to individual members as well, even if it was something totally unrelated to the Model T. He loved to drive his T and participated in as many events as possible. A very giving and special person, Bob was the first deceased active member of the East Valley Model T Ford Club.

The Bob Wildman Award is given each year to the member who, in the opinion of the Award Committee which is the Board of Directors, has contributed the most of him/her self to the club. Dave Veres was the first recipient of the Bob Wildman Award in 2011. Austin Graton was selected in 2012 and Joe Fellin in 2013. Ruthann Elms was chosen last year for this honor.

Nominations of a deserving candidate must be submitted to a member of the Board of Directors no later than November 30th. The award will be presented at the Christmas party. To nominate a deserving candidate, write to the Award Committee outlining your candidate's contributions and telling why you think he or she is deserving of the award. Even if your candidate is not selected, just being nominated is an honor in itself. Nomination should be in narrative form and may include other documentation such as pictures, news articles, etc.

If yes, space is limited - while free, registration and pre-approval is required to exhibit a vehicle (see attached registration form).

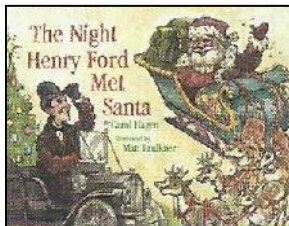

Last year's Motoring Thru Time was a fantastic event that also celebrated Heritage Square's 35th anniversary with lots of super folks who brought all kinds of vehicles from bicycles, autos, trucks, vintage travel trailers, and fire trucks to exhibit along with live music, historical demonstrations, and visitors of all ages.

**For those returning participants**, please note the new event contact for 2016 is Rosson House Museum's Michelle Reid and their Foundation & Guild team. While the event is a collaboration between the City of Phoenix Parks and Recreation Department and the Rosson House-Heritage Square Foundation & Guild, the museum is taking the lead on the event this coming year and will do an awesome job! It has been an absolute pleasure working with everyone through the years and I have truly appreciated everyone's time, expertise, wonderful vehicles and the friendships made.

**The Night Henry Ford Met Santa \$17.95**

Children's hardbook book by Carol Hagen, illustrated by Matt Faulkner. Set just before Christmas in 1908, this charming tale finds Henry Ford seeking Santa's advice. Santa answers by taking Henry Ford to visit his North Pole workshop. When he sees the elves working in a line, Henry Ford envisions an automobile assembly line. The story not only illustrates that children can teach adults to dream, but it also provides an author's note with factual information about Henry Ford and the Model T.

**(More) ARAPROSDOKIANS***Submitted by: George Elms*

ARAPROSDOKIANS ... (Winston Churchill loved them) ... are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected; frequently humorous.

1. War does not determine who is right - only who is left.
  2. Knowledge is knowing a tomato is a fruit. Wisdom is not putting it in a fruit salad.
  3. They begin the evening news with 'Good Evening,' then proceed to tell you why it isn't.
  4. To steal ideas from one person is plagiarism. To steal from many is research.
  5. Busses stop in bus stations. Trains stop in train stations. On my desk is a work station.
  6. I thought I wanted a career. Turns out I just wanted paychecks.
  7. In filling out an application, where it says, 'In case of emergency, notify:' I put 'DOCTOR.'
  8. I didn't say it was your fault, I said I was blaming you.
  9. Women will never be equal to men until they can walk down the street with a bald head and a beer gut, and still think they are sexy.
  10. Behind every successful man is his woman. Behind the fall of a successful man is usually another woman.
  11. A clear conscience is the sign of a fuzzy memory.
  12. You do not need a parachute to skydive. You only need a parachute to skydive twice.
  13. Money can't buy happiness, but it sure makes misery easier to live with.
  14. There's a fine line between cuddling and holding someone down so they can't get away.
  15. I used to be indecisive. Now I'm not so sure.
  16. You're never too old to learn something stupid.
  17. To be sure of hitting the target, shoot first and call whatever you hit the target.
  18. Nostalgia isn't what it used to be.
  19. Change is inevitable, except from a vending machine.
  20. Going to church doesn't make you a Christian any more than standing in a garage makes you a car.
  21. Where there's a will, there are relatives.
- Finally: I'm supposed to respect my elders, but its getting harder and harder for me to find one now.

## INGENIOUS IDEAS ~ continued

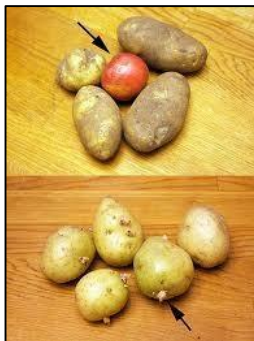

Submitted by: George &amp; Ruthann Elms

Keep brown sugar soft by storing with a couple of marshmallows.

Remove pet hair from furniture and carpets with a squeegee.

To prevent potatoes budding, add an apple in the bag.

Use ice cubes to lift out indentations made by furniture on your carpets.

Store bed sheets inside their pillow cases for easy storage and access.

Use a can opener to open those endlessly-annoying blister packs and avoid cutting yourself.

To prevent your eyes watering while chopping onions, wipe the chopping board with white vinegar (which won't affect the taste of the onions).

Wrap rubber bands around the ends of a coat hanger to prevent dresses from slipping off.

Drop a couple denture cleaning tablets into the toilet bowl at night to clean off stubborn stains.

Use rubber bands to help open a jar easily: place one around the jar lid and another around the middle of the glass. The rubber provides friction to prevent your hands from slipping.

Use chalk to remove grease stains from clothes. Simply rub white chalk on the affected area and wash as normal - the chalk will absorb the grease and be washed away in the cycle.

Use cupcake cases to cover drinks in the summer and prevent flies from dropping in.

It has been garage kept since my father got his hands on it in 1975 and has lived in the New Mexico and Arizona dry climate and therefore doesn't have any rust. Truthfully, it hasn't been started in at least 12 yrs. The crank still turns so the motor is not ceased up. I had a local gentlemen from Gilbert who has a shop working on these cars come take a look at her. His feedback was that the car was in good shape and wouldn't take much to get her on the road again. The car has been sitting on jack stands to help preserve the tires. Asking \$8,000.
