### President's Message February 2022

It is with regrets that I announce that Steve Nissle is moving to Idaho and has submitted his resignation as our club newsletter. I am sure each of you will join me in wishing Steve and his family safe travels and good wishes for this new adventure in their lives. Thank you Steve for your many years of serving as our newsletter editor and making it very enjoyable to read.

With that being said, I am looking for someone to take Steve's place in being the club editor. If you are interested, please send me a message and let me know your wishes. This is one way we get our information out to our members and it is posted on the website for the public to view attracting new members to our organization.

We held a couple of functions since our last newsletter. Ice cream and the ladies tea and gentlemen's brats. If you missed these, you missed a lot of fun and good fellowship.

Next up is Lost Dutchman Parade, Poker Run and Lunch. This will be held on February 26. A sign-up sheet will be at the meeting and more details will be announced. Get those cars running as this is always a fun parade and the crowd loves our cars.

Ladies Tea and Gentlemen's Brats

Saturday January 29, 2022

### **Ladies Tea**

It was a beautiful day as the ladies and the men started to gather at the Hart home in Apache Junction.

The ladies arrived wearing their vintage hats and some wore full vintage dress. What a delight to see these great fashions of days gone by. The Tea was held in the house where the table was set with Green Depression dishes and lovely floral tea cups. Our menu consisted of Coconut chocolate chip scone, lemon poppy seed scone, Devonshire cream, lemon curd, spinach quiche, bacon-cheese quiche, cucumber sandwiches, chicken salad sandwiches, butter tarts, lemon tarts, cherry tarts, melt away cookies, Russian tea cookies and unbaked peanut butter cookies. We had English Breakfast and Darjeeling Teas served with the meal.

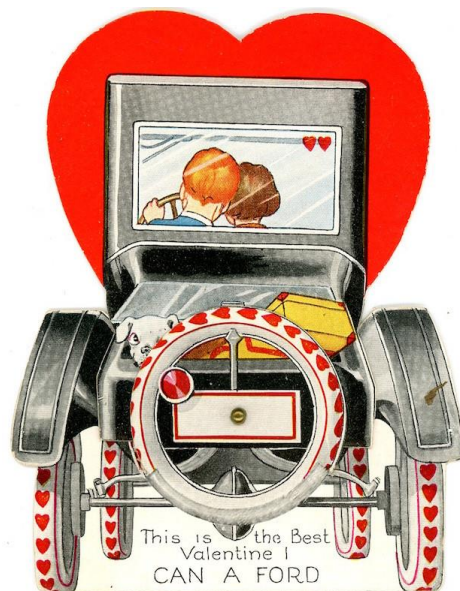

Each lady was asked to share what they did during the pandemic this past year. Some took walks in their neighborhoods, worked on their craft of choice such as quilting and card making to name a few. Some spent time searching the internet for Genealogy of their families. Jan sang several solos at her church. Many worked jigsaw puzzles, read books and watched some old shows on TV. Sandy shared how her family came and built a "She Shed" for her quilting. Some went on Model T tours. Social distancing and masks were all a part of our lives this past year and even now we continue to be careful and follow the guidelines. After the vaccinations, many of us felt a bit more comfortable being around others.

Sandy put on the Lorna hat and shared a bit of tea history from the book *If Teacups Could Talk*. This was our 6<sup>th</sup> tea held at the Hart home and Lorna was a vital part of the previous five. She has now returned to her home in Washington and was not here to help this year and was greatly missed.

Door prizes of flowering plants were awarded to four lucky ladies. Each lady went home with a paper crafted purse filled with candy. At the end of the day, we gathered outside for a group picture.

Thank you to each of you in attendance and to Kae Allen, Colleen Davies, Nancy Moore, Joan Auterman, Bernice Young and Sandy for providing food. Thank you to Kathy McAlpin for coming early to help put the food on serving platters and prepare water for the tea. Thanks to Joan for helping to clear the table. It takes a lot of team work to put this event together. There were 11 ladies that enjoyed the tea. Several had to cancel at the last minute due to illness.

### Gentlemen's Brats

While the ladies were enjoying their festivities, the men gathered in Larry's shop for brats and a potluck. Thank you to Glenn Conlon for cooking those brats. The men spent the afternoon gathering in small groups to discuss cars and whatever it is men find to talk about. When the brats were cooked they gathered at the tables and enjoyed their meal. Dave Ker shared that he would like to have a gathering at his home in the coming months with some of the other clubs in the area. More information will follow as Dave decides on a date. There were 16 men at this event.

Imagine being born a century ago, living all the way to the present day, being passionate about cars and seeing all the advancements in automotive technology that have been made this past century. If you were born in 1920, then you would have witnessed the end of the age of steam and the new age of internal-combustion engines, and today you would get to see another transition, from ICE to EV.

Well, this is Harold Baggott's story, a Brit born in 1920 and who actually learned driving in a [Ford Model T](#) when he was 10 years old - it was the milkman's delivery float which he drove around a farm. Today, even though he's now 101 years old, he still drives regularly and because he and his family have owned more than 20 Ford vehicles over the years, the Blue Oval is celebrating Mr. Baggott and his story.

Ford has now given him the chance to drive the latest and most advanced model, the [Mustang Mach-E](#), taking some family members with him on the voyage from the Beaulieu National Motor Museum to an old village that used to be famed for its shipbuilding, called Bucklers Hard. His main takeaway from the journey was just how quiet the EV was and he said

Since the age of 10, I've retained my interest in motoring and today find myself interested in the switch to electrification following the government phasing out the traditional combustion engines I'm used to. I have reminisced about my driving history with the Model T and seen what the future has in store. It was exciting to get behind the wheel of what I expect to see my great grandchildren will be driving.

April 2<sup>nd</sup> and 3<sup>rd</sup> | Wickenburg, Arizona USA

Speedster Endurance Run  
Hosted by Sun Country Model T Club

Wickenburg is located 65 miles northwest of Phoenix and gives you a real feel of the old west. Saturday afternoon will be a great opportunity to road test and fine tune your speedster as we visit the historic Vulture Mine. Sunday will bring to life the roar of our mighty machines as we begin our timed journey through the scenic, hilly and nature filled rural areas. Two classes of vehicles are permitted: Speedsters and non-speedsters (Model T based not required but must be in similar class).
