President Message By Steve Linney

Well it is official the newsletter name and color has been determined **Runningboard News** and the club color will be **Denim**. The club is moving in the right direction we have everything in place. The patch design is completed and very nice looking however we need money to pay for the patches and art work for the newsletter so that comes to the next issue.

Fundraisers you will see the club will be having a yard sale in April this is a way the club can make money with out having out of pocket expense, just think this is a way to get rid of that old junk laying around collecting dust. We will also incorporate a bake sale so give you a chance to show off those great cooks we have in the club. So start cleaning out those closets to help out the club. There will be more information to come on the date and schedules.

History is in the making my wife Claudia drove the 4 door for the first time this month she did petty good for the first time. Our daughter Jessica is studying different states in social studies and Michigan was this week's state, so of course Henry Ford was up for discussion so Claudia and I dove the Model T's down to the school. We played a little game to find the gas tank on the 1924 T it was quite interesting. The answers ranged from take the wheel off in the battier box, exhaust pipe, and the radiator. It was a lot of fun seeing the excitement on their faces.

Remember it Valentines Day do something special for the one you love!
