President Message By Steve Linney

Can you believe that another year is over boy time goes by so fast. As you will be able to see there was a lot of discussion at the December meeting about how the club can improve our treasury I would really encourage the member to ponder this and bring some ideas to the January meeting.

As I was reflecting the year and thinking we have accomplished a lot as a small club. There have been a lot of different things we have done that I don't think I would have done on our own as a family so the Model T family has brought some new light into our family.

February is open for hosting of a tour Claudia and I were thinking of hosting a snow trip but were not sure if there will be any snow to go to so any other suggestions would be great.

Club Fundraiser Ideas Needed

We had some discussion at the Christmas party concerning fundraiser for the club. This is something we really need to focus on this year.

Some suggestions were bake sale, yard sale, raffle, and other please bring your ideas to the January meet to get them on the calendar and get the club moving ahead financially.

Meeting notes

Another topics of discussion was to please support the club functions it seems to be the same small group of people that are at all of the events it would be great to see some new faces. And get some new members out in the east valley.

Also Joe Fellon has got the artwork back for the patch it looks really great the member voted on the artwork and was accepted. He is getting firm quote on the different size patches this is why we need to get some club fundraisers going.

The approximate was all had a some sort of set up fee for any of the patches so are treasury is so small that in order to get up and going we need money.

A note from the Editor:

A plea from the editor this job is a fun job but is becoming a little overwhelming for me at this time with work and other responsibility is have as a mom. Its not a hard job it's just I feel that I'm spreading myself to thin thank you Claudia Linney
